

# Homework HELP

## Request Form

Free Homework Help is available for elementary, middle, and high school students in all subjects. Homework Helpers are more than tutors: they provide support and encouragement while teaching young adults and children to advocate for themselves. This might include helping a student send an email to a teacher for clarifying information on an assignment or locating educational resources to providing scaffolding and additional learning opportunities. Homework Help is available virtually by appointment. To make an appointment, fill out the form below and someone will contact you with additional information.
